APPENDIX D

Family Medical Leave Act and Alaska Family Leave Act

General

The Ketchikan Gateway Borough School District is subject to the federal Family and Medical Leave Act. It is also subject to the State of Alaska's Family Leave Law. There are both similarities and differences between the two laws. The following describes the federal law.

Employees who have been employed for at least one (1) year, *and* for at least 1,250 hours during the preceding 12-month period are eligible for family and medical leave. For employees not eligible for family and medical leave, Ketchikan Gateway Borough School District will review business considerations and the individual circumstances involved. Except for those employees designated as "highly compensated employees," employees will be returned to the same or to an equivalent position.

Family or medical leave will consist of appropriate accrued paid leave and unpaid leave. If leave is requested for an employee's own serious health condition, the employee must use all of his or her accrued paid vacation leave, annual leave, sick leave or personal leave. If leave is requested for any of the other reasons listed below, an employee must use all of his or her accrued paid vacation, annual, or personal leave; however, the employee may leave in reserve up to five (5) days of sick leave. The remainder of the leave period will then consist of unpaid leave.

Reasons for Leave

All employees who meet the applicable time of service requirements may be granted family or medical leave consisting of appropriate accrued paid leave and unpaid leave, for a period of twelve (12) weeks (during any 12-month period) for the following reasons:

- (1) the birth of the employee's child and in order to care for the child;
- (2) the placement of a child with the employee for adoption or foster care
- (3) to care for a spouse, child or parent who has a serious health condition; or
- (4) a serious health condition that renders the employee incapable of performing the functions of his or her job. The entitlement to leave for the birth or placement of a child for adoption or foster care will expire twelve (12) months from the date of birth or placement.

Procedure for Requesting Leave

In all cases, an employee requesting leave must complete an "Application for Family and Medical Leave" and return it to the Superintendent's office. The completed application must state the reason for the leave, the duration of the leave, and the starting and ending dates of the leave.

An employee intending to take family or medical leave because of an expected birth or placement, or because of a planned medical treatment, must submit an application for leave at least thirty (30) days before the leave is to begin. If leave is to begin within thirty (30) days, an employee must give notice to his or her supervisor and to the Superintendent's office as soon as the necessity for the leave arises.

Medical Certification

An application for leave based on the serious health condition of the employee or the employee's spouse, child or parent must also be accompanied by a "Medical Certification Statement" completed by a health care provider. The certification must state the date on which the health condition commenced, the probable duration of the condition, and the appropriate medical facts regarding the condition.

If the employee is needed to care for a spouse, child or parent, the certification must so state, along with an estimate of the amount of time the employee will be needed. If the employee has a serious health condition, the certification must state that the employee cannot perform the functions of his or her job.

An employee is not entitled to the accrual of any seniority or employment benefits that would have occurred if not for the taking of leave. An employee who takes family or medical leave will not lose any employment benefits that accrued before the date leave began.

Benefits Coverage During Leave

During a period of family or medical leave, an employee will be retained on the Ketchikan Gateway Borough School District health plan under the same conditions that applied before the leave commenced. To continue health coverage, the employee must continue to make any contributions that he or she made to the plan before taking leave.

Restoration to Employment Following Leave

An employee eligible for family and medical leave --with the exception of those employees designated as "highly compensated employees" --will be restored to his or her old position *or* to a position with equivalent pay, benefits, and other terms and conditions of employment. The Ketchikan Gateway Borough School District cannot guarantee that an employee will be returned to his or her original job. A determination as to whether a position is an "equivalent position" will be made by the Ketchikan Gateway Borough School District.

Alaska's State Employees' Family Leave

Alaska's State Employees' Family Leave Law requires public employers with more than 20 employees to grant eligible employees up to 18 weeks of paid or unpaid family leave in a 24-month period to care for the employee's child, spouse or parent who has a serious health condition, or because of the employee's own serious health condition. In addition, the law requires employers to provide employees with up to 18 weeks' leave in a 12-month period because of pregnancy, childbirth or adoption.

An eligible employee is one who has been employed by the employer for at least 35 hours a week for at least six consecutive months or for at least 17.5 hours a week for at least 12 consecutive months immediately preceding the leave.

Under the law, employers must maintain coverage under any group health plan for employees on leave; however, the employee will be required to pay all or part of the cost of the coverage during a period of unpaid leave. Employees returning from leave are entitled to reinstatement in the same or a "substantially similar position" unless the employer's business circumstances have changed to make a restoration impossible or unreasonable.
